WELLNESS WEEKEND with Marlene George
Saturday, October 13th & Sunday, October 14th, 2018

HOCKLEY VALLEY RESORT

Create positive changes in your life...

A Weekend of Wellness Within presented by **Marlene George**, lecturer, author*, business coach, and Health/Wellness practitioner.

Marlene George brings to her weekend wellness workshop, 2 full days of presentations, participations, and interactive sessions to discover your true self, then teach you all you need to know to make positive changes in your life.

When change occurs on the outside, always look to the inside for the source. When things happen to us, whether challenging, enlightening, or beneficial, those actions and events began within us.

Change is life, and life is change.

When we focus exclusively on coping with the circumstances, which we believe are beyond our control, we overlook the only thing we can control: **OUR SELF.**

Renew your relationship with the most important person in your life, **YOU!**

- o Unpack your past (to make space for your future)
- o Befriend your true self.
- o Practice Wellness Within*
- o Attract Positive Change

Active, practical, easy strategies, techniques, and tools to understand every change, cope with every challenge, and take advantage of every opportunity.

Face the future with optimism to create positive change in your life.

Marlene's collaboration with Dr. Deepak Chopra in "Your Roadmap to Success", Insight Publishing, 2012, explores the importance of achieving and maintaining internal health to assure external wellness, the first step to happiness.
